STEERING

STEERING SYSTEM

A heavy duty rack and pinion, with a collapsible steering column coupled together with a splined shaft equipped with two universals joints. Comes complete with indicators, ignition key and steering lock.

\$1,450.00

STEERING WHEEL

A wide range of MOMO or Sportsline steering wheels are available on request.

P.O.A

COOLING SYSTEM

RADIATOR

Specially designed and manufactured radiator with a high efficiency core. The complete cooling system has been designed to keep the engine at its correct operating temperature under all operating conditions.

\$690.00

RADIATOR HEADER TANK

The header tank has been designed to minimize cap blow off caused by water surge. The stand and mounting are an integral part of the design. Powder coated black for better heat dissipation

\$395.00

RADIATOR COOLING FANS

A pair of high efficiency 12 volt cooling fans for the radiator. Needed to keep the engine operating temperature within safe limits when caught up in traffic or during prolonged idling. Wiring diagram supplied

\$490.00

HEATER DEMISTER

Demister system supplied complete with heater core, heater housing with sliding on/off controls, blower and demister ducts.

P.O.A.

RADIATOR MOUNTING KIT

Heavy gauge aluminium mounting plates designed to make radiator servicing easy.

\$80.00

RADIATOR (SHROUD) AIR SCOOP

Designed to duct air from the opening in the nose of the car and direct it onto and through the radiator with the minimum loss. Attaches to the aluminium radiator mounting plates and bottom of air intake. Manufactured from aluminium and preshaped for easy installation

\$310.00

OIL COOLER

Designed to fit into lower radiator intake

P.O.A.

BRAKE SYSTEM

BRAKE BOOSTER AND MASTER CYLINDER

The combination of our chosen master cylinder and brake booster gives the driver of gives very brake pedal feel and control under all conditions P.O.A.

BRAKE CALIPERS (FRONT)

Four Spot Calipers we keep a stock of fully reconditioned calipers with new stainless steel pistons. (Exchange) P.O.A.

Calipers are available to purchase outright P.O.A.

BRAKE CALIPERS (REAR)

Reconditioned rear brake calipers with new stainless steel pistons. less handbrake assembly. (Exchange) P.O.A.

Rear Brake Calipers serviced, fitted with new stainless steel pistons. Complete with Serviced Handbrake assembly. (Exchange) P.O.A.

Calipers are available to purchase outright With Handbrake Assembly. P.O.A.

ROTORS

Front rotors new P.O.A.

Rear rotors new P.O.A.

Machining P.O.A.

BRAKE & HYDRAULIC SYSTEMS

The correct length and type of hydraulic brake hoses are important for safety. Two required for front brakes. P.O.A.

STEEL BRAKE LINES

Steel brake lines, complete with all unions ready to accept hydraulic flexible hoses. Fitted to chassis. \$320.00

HAND BRAKE LEVER

A standard type handbrake lever with modified mounting lugs to suite our chassis \$165.00

HAND BRAKE CABLE \$185.00

BRAKE PADS (Front Four Spot Calipers)

High quality front brake pads. (H.P. Metal) \$70.00

Standard front brake pads. \$55.00

BRAKE PADS (Front Three Spot Calipers)

High quality front brake pads. (H.P. Metal) \$85.00

Standard front brake pads \$68.00

REAR BRAKE PADS

High quality rear brake pads (H.P. Metal) \$66.00

Standard rear brake pads. \$43.00

High quality hand brake pads. \$87.00
